

## Guideline for the applicants for Course in Atmosphere–Ocean and Climate Dynamics

### Master's course

#### I. Evaluation methods

##### 1. Foreign language (English)

Evaluation will be based on the applicant's academic transcript and, if submitted, TOEFL, TOEIC, or IELTS score sheet. Care will be taken not to disadvantage the applicants who do not submit score sheets.

##### 2. Specialized subjects

Applicant submits answers to the mandatory questions in basic mathematics and physics and a report on one of the questions in mathematics, physics, and geophysics (meteorology, physical oceanography) by the deadline. Questions on the submitted answers and report will be asked in the oral examination.

##### 3. Oral examination

Oral examination on the specialized subjects in addition to the oral examination as usual.

#### II. On specialized subjects
